The background is a solid purple color. Overlaid on this is a large, light-purple triangle that points towards the top right. Within and around this triangle is a complex pattern of smaller, light-purple cubes or isometric shapes, creating a 3D effect. The text is centered horizontally and vertically within the frame.

JSUnconf 2016 was characterized by a range of high quality sessions covering a wide spectrum of topics. We were able to film one track and out in on youtube. The resulting media coverage was extremely positive, and we are expecting a large majority of the attendees to be present at the event in 2017.

Our aim is to hold a stand-out event that is a success for everybody involved. In order to attract as many developers as possible, we want to keep the ticket price as low as we can and offer diversity tickets who cannot afford this. As a sponsor, you have the opportunity to present your product and/or yourselves as an attractive employer.

**We are expecting the sponsor places to be taken very quickly. Please send us your feedback as to which option would be the best fit for you until begin of February, 2017.**

# Code of conduct

All attendees, speakers, sponsors and volunteers at the conference are required to agree with the following code of conduct.

We as organizers will enforce this code throughout the event. We are expecting cooperation from all participants to help ensuring a safe environment for everybody.

Our conference is dedicated to providing a harassment-free conference experience for everyone, regardless of gender, sexual orientation, disability, physical appearance, body size, race, or religion.

We do not tolerate harassment of conference participants in any form.

Sexual language and imagery is not appropriate for any conference venue, including talks, workshops, parties, Twitter and other online media.

Conference participants violating these rules may be sanctioned or expelled from the conference without a refund at the discretion of the conference organizers.
